### **FITTING INSTRUCTIONS**

- Remove the multi tool arrowed in picture 1.
- Remove the two cable ties arrowed in picture 2.
- Disconnect the two wiring plug sockets arrowed in picture 3.
- Remove the bolt arrowed in picture 4.
- Remove the original indicator as shown in picture 5.
- Fit the indicators of choice (R&G mini indicator product code RG370 for bulb type and RG371 for LED type or RG372 for Aero Style led type) through either of the indicator adaptors (item 1) as shown in picture 6.
- Fit the indicator assembly through indicator housing and secure using the supplied nut.
- Connect the flash rate resistor (item 3) to the indicator as shown in picture 7 and connect the remaining plug sockets to the indicator wiring connector (item 2) as shown in picture 7.
- Connect the wiring connector to the original wiring loom connector as shown in picture 8.
- Repeat the above steps for the opposite indicator.
- It is a good idea to test the indicators at this stage (if illumination fails, swap the connections around).
- Route the wiring as original.
- Tidy the wiring as original.
- Please check the operation of indicators and steering before riding the motorcycle

### **CONSUMER NOTICE**

The catalogue description and any exhibition of samples are only broad indications of the Products and R&G may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order. The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in R&G's order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes. Where R&G fits the Products or undertakes other services it shall exercise reasonable skill and care and rectify any fault free of charge unless the workmanship has been disturbed. The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the Products. On return of any defective Products

Tel: +44 (0)1420 89007 Fax: +44 (0)1420 87301 [www.rg-racing.com](http://www.rg-racing.com) Email: [info@rg-racing.com](mailto:info@rg-racing.com)

RAP0001

R&G shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with R&G's or manufacturer's instructions and good engineering practice or if the defect arises from accident or neglect. Other than identified above and subject to R&G not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products or the fitting or service concerned. These terms do not affect the Buyer's statutory rights.

**R&G RACING RETURNS POLICY (NON-FAULTY GOODS)**

Returns must be pre-authorized (if not pre-authorized the return will be rejected). Goods may only be returned direct to us if they were purchased direct from us (customer must prove if necessary). Otherwise to be returned to original vendor. Goods must be in re-sellable condition, in the opinion of R&G Racing. All returns are subject to a 25% restocking and handling fee (25% of the gross value exc. P&P – at the prevailing price at time of purchase). The customer must pay any and all carriage charges. No returns of discontinued products, unless within 14 days of purchase. This policy does not affect your statutory rights and does not refer to faulty goods.

### **NOTICE DE MONTAGE**

- Enlever l'outil indiqué sur la photo 1.
- Enlever les 2 colliers de serrage, voir photo 2.
- Déconnecter les 2 prises indiquées sur la photo 3.
- Enlever le boulon indiqué sur la photo 4.
- Enlever le clignotant d'origine, voir photo 5.
- Monter les clignotants de votre choix (Mini clignotants R&G code RG370 pour type ampoule, RG371 pour type LED ou RG372 pour type LED latérale) à travers les adaptateurs de clignotants (Enlever 1), voir photo 6.
- Monter l'assemblage dans le boîtier de clignotant puis fixer à l'aide de l'écrou fourni.
- Connecter la résistance (Enlever 3) au clignotant, voir photo 7 puis connecter les prises restantes au connecteur de fils de clignotant (Enlever 2), voir photo 7.
- Connecter le connecteur de fils au connecteur de faisceau d'origine, voir photo 8.
- Répéter les étapes supérieures pour le clignotant opposé.
- Il est judicieux de vérifier que les clignotants fonctionnent à ce stade du montage (Si l'éclairage échoue, tournez les connecteurs).
- Route les fils comme à l'origine.
- Organiser les fils comme à l'origine.
- Vérifier que les clignotants et feux fonctionnent avant de prendre la route.
